Thursday, May 19 from Noon to 1 p.m.

**E-cigarettes**

*What Your Patients Need to Know*

**OBJECTIVE:** This live webinar will provide clinicians with an understanding of a five-step clinical approach to treating patients who use e-cigarettes and an overview of current safety, government regulation and youth access issues related to e-cigarette use.

**PRESENTERS:** **Roger Dier**, MS, is the Northeast Region Senior Outreach Specialist for Center for Tobacco Research and Intervention, University of Wisconsin Medical School-Madison and has provided tobacco cessation to providers and clinicians since May 2001. He received the Amy Hertz Advocacy Award at the 2008 National Summit on Spit and Smokeless Tobacco, Oklahoma City, OK.

**Sandy Bernier** graduated with a Bachelors of Social Work Degree from Marian University, Fond du Lac WI, is a certified social worker with training in alcohol and other drug abuse counseling and has worked in tobacco prevention and education since 1998. She is currently the Tobacco Control Program Coordinator for the Fond du Lac County Health Department Multi-Jurisdictional Tobacco Control Coalition that includes: Fond du Lac, Waushara, Marquette, Green Lake and Washington Counties.

We use Adobe Connect software for our webinars. The webinar is best viewed using Internet Explorer or Mozilla Firefox. Please test your connectivity by clicking here:

After the test, it may ask you to install the Adobe Connect plugin.

No special software needed. Your computer will need to have sound/speakers for you to hear the presentation. Make sure the volume is at an audible level. No registration required. We encourage groups, where possible, to use one log-in and to project the webinar.
